Objective

To obtain a senior level iOS development position where I can apply my prior work experience, proven work ethic, and unique ideas to produce quality software.

Relevant Experience

Platform Software Engineer, WillowTree, Charlottesville, VA September 2018 – Present

- ⤴ Led the delivery of major features and components on iOS and tvOS platforms
- ⤴ Built and maintained suites of automated unit and UI tests
- ⤴ Worked closely with clients to influence technical product decisions and business goals
- ⤴ Mentored junior team members towards shared goals and outcomes

Software Developer I, Fujifilm SSD, Rochester, NY April 2017 – September 2018

- ⤴ Developed features for Fujifilm SPA SDK, SPA Services, Apple Photos Extension, and Developer Network
- ⤴ Shared responsibility in the design and architecture of features
- ⤴ Communicated project requirements with other developers, QA testers, and project managers
- ⤴ Tackled several user experience vs. performance challenges

Skills

- ⤴ Programming Languages By Proficiency:
 - Swift 5, C#, Objective C, JavaScript, HTML5, CSS3, Java, C++11
- ⤴ IDEs:
 - Xcode 13, Visual Studio 2018, Android Studio 3
- ⤴ Operating Systems: Windows, macOS
- ⤴ Source Control: GitHub, Microsoft TFS
- ⤴ Methodologies: Agile

Education

Rochester Institute of Technology, Rochester, New York

Bachelor of Science in Game Development/Design

Minors: History, American Politics

Graduated: May 2017

GPA: 3.8/4.0

Projects

FOX NOW

- ⤴ Fox's flagship streaming app on tvOS, that allows users to watch their favorite Fox content live or on demand
- ⤴ Led the delivery of numerous high priority features and improvements
- ⤴ Worked with various Fox stakeholders to refine feature requirements and create clarity
- ⤴ Led effort to increase unit test coverage by 5X

Fujifilm SPA SDK

- ⤴ A publicly available Android and iOS library that allows developers to monetize their applications with Fujifilm photo products
- ⤴ The library provides a product catalog, image editor, and checkout flow for the user
- ⤴ Worked with Verizon to integrate the library with Verizon's Cloud application
- ⤴ Worked under stringent deadlines to integrate the library with Apple's Mac Photos application
